IMPURE DRUGS KILLED MCKINLEY

STARTLING DISCOVERY IN RAID OF CHICAGO POLICE.

When the President Was Shot a Spurious Brand of Aristol Was Furnished Which Hastened His Death—Four Large Establishments Raided in Chicago and \$60,000 Worth of Bogus Preparations Seized.

Chicago, Dec. 5.—Sensational raids made in the effort to clear Chicago of its numerous "fake" medicine concerns have thrown light upon the death of President McKinley and revealed the charge that the death of the president was, in part, due to the use of a spurious medicine. Thirty-one plants were raided and drugs worth \$60,000 seized.

The startling revelation was made after four great establishments engaged in manufacturing imitations of standard medicines had been raided by the postoffice department, co-operating with the police.

After the arrest of half a dozen persons and the raiding of the four establishments, Assistant Postoffice Inspector George G. Kimball revealed the fact that McKinley's death was due, in part, to a spurious imitation of aristol manufactured in Chicago.

"When McKinley was first wounded," declared the official, "the physicians hurriedly sent to a drug store for a quantity of aristol, the best known substitute for iodoform."

"They secured the alleged aristol and applied it to the wound. They noticed immediately that the effect was exactly the opposite to that which would be produced by aristol and after a few moments changed treatment."

"It was afterward discovered that the stuff which the physicians purchased and which they used as aristol was an imitation, made of fuller's earth and dioxide of iron. It is believed that the spurious stuff was partly responsible for the death of the president."

A Costly Mistake.
 Blunders are sometimes very expensive. Occasionally life itself is the price of a mistake, but you'll never be wrong if you take Dr. King's New Life Pills for dyspepsia, dizziness, headache, liver or bowel troubles. They are gentle yet thorough. 25c at Tallman & Co.'s drug store.

Christmas Scribblers.
 Scribner's Magazine for December is one of the most beautiful art numbers ever issued by any publication in the country. A set of colored illustrations accompany an old "Yule Ballad" of "Merrie England," and other high-class pictures are also run in the number. The frontispiece "A Vigil at arms," in colors, is one of the most impressive creations of modern art. It must be seen to be enjoyed.

Deafness Cannot Be Cured
 by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Christmas Activity

GREAT ACTIVITY AT THE PENDLETON WOOLEN MILLS.

The near approach of Christmas is evident if one will but go up to the Woollen Mills. There everything is bustle and activity. Every machine in the mill is being worked to its full capacity to fill the rush orders that have come in.

On one order alone from a firm in Gallup, New Mexico, it will require 1200 robes.

The money spent in advertising the past few years is just beginning to show returns and the Christmas trade for this year will be the largest in the history of the institution.

The requests for catalogues and information regarding those famous goods come from all over the world, and it is a common occurrence to have to call an express wagon to take the day's mail to the postoffice.

The number of these robes being forwarded on individual orders alone is sufficient to prove that these goods are more popular than ever before Christmas. These orders come from points where the goods cannot be found in the local stores, and when these are added to the large numbers being distributed over the counters of the various stores throughout the country, Pendleton people can see what an interest has been created in the products of the local mills.

The garments have not been shown to the trade at large, yet the demand for this new line has far exceeded the capacity of the machines now installed.

At the present time more orders for these garments are on file than can possibly be turned out before Christmas.

Mr. Phillips, treasurer of the Root Newspaper Association, publishers of The Dry Goods Economist, The Dry Goods Reporter and The Pacific Merchant, called at the mills one day this week and upon seeing the Bath Robes, Lounging Robes, Smoking Jackets and Toboggan Coats now being manufactured, predicted a greater success for these garments than even the Indian Robes had been, and said if they were placed before the merchants next year he did not think the present mill would be able to turn out even cloth enough for the garments alone.

In making up Christmas lists Pendleton people should include something from our home town and thus help in a way to advertise not only the local institution, but the city of Pendleton as well.

Milwaukee has her beer; Grand Rapids her furniture, and Pendleton her Indian Robes and Blankets.

Just received the finest and largest assortment lot of stoneware ever brought to Pendleton. We will sell this high grade as low as others sell cheaper grades. Every jar guaranteed. C. Rohman.
